Glenn Pepo
President - CEO
2K Networking, Inc.
830 Sir Thomas Court, Suite 200
Harrisburg, PA 17109

Dear Glenn:

I am very delighted to have the pleasure of working with 2K Networking's, Apple Division. Recognizing the need for Central Dauphin School District to provide exceptional customer service 2K Networking helped us produce a forward thinking technology foundation. As a result, we are able to provide a higher level of support to our teachers and administrators.

Your staff is accessible, and posses a superior intellect when it comes to the diagnosing, repairing, deployment, and improving the reliability of our Apple computer systems. I believe 2K Networking is able to address any Apple technical issues and assist in project planning of support for any Apple products for the Central Dauphin School District Technology Department or any Apple support team.

We appreciate the professional and courteous attitude, expert knowledge, and expedited delivery in handling our specific issues. I would recommend 2K Networking, Inc. to my fellow colleagues for support of their Apple products.

Sincerely,

Matthew P. Sinopoli
Director of Technology Services
Central Dauphin School District

Dear Glenn:

I am very delighted to have the pleasure of working with 2K Networking's, Microsoft Engineers. Recognizing the need for Central Dauphin School District to provide exceptional customer service 2K Networking helped us produce a forward thinking technology foundation. As a result, we are able to provide a higher level of support to our teachers and administrators.

Your staff is accessible, and posses a superior intellect when it comes to the diagnosing, repairing, deployment, and improving the reliability of our technology infrastructure. 2K Networking was able to assist us in the project to upgrade and migrate to the Windows 2008R2 Infrastructure. This provides us with the foundation we need in order to move forward with other technology initiatives for Central Dauphin School District. I believe 2K Networking, Inc. is able to address any of our technical issues and assist in project planning of the Microsoft related support for the Central Dauphin School District Technology Department.

We appreciate the professional and courteous attitude, expert knowledge, and expedited delivery in handling our specific issues. I would recommend 2K Networking, Inc. to my fellow colleagues for support of their Microsoft networks.

Sincerely,

Matthew P. Sinopoli
Director of Technology Services
